

When you open the App you will be greeted by the Welcome screen.

1. Tap "Create Account".

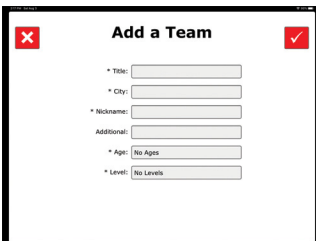

2. Enter your information in the text boxes.

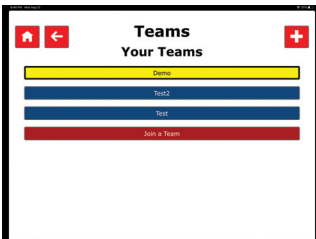

Tap the Done  button when finished.

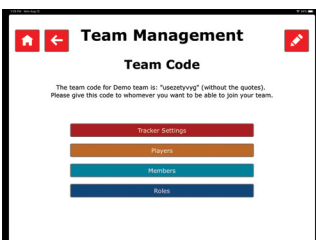

3. Tap the Add  button to create your team.

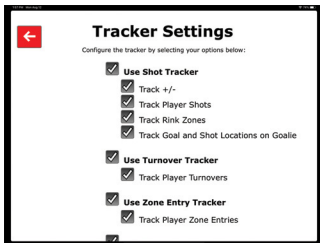

4. Fill in the text boxes and tap the Done  button when finished.

5. Tap on your team.

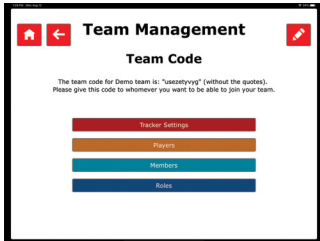

6. Tap on Tracker Settings.

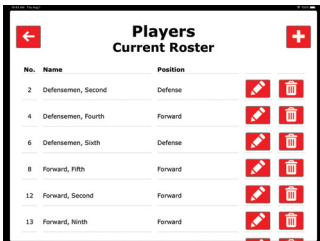

7. Select your Tracker Settings.

Tap the Back  button.

8. Tap the Players button.

9. Tap the Add  button to add a Player.

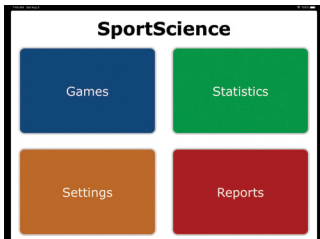

10. Add Player details and tap the Done  button.

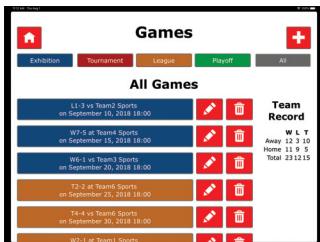

Repeat until all players have been added.

11. Tap the Back  button to return to Team Management.

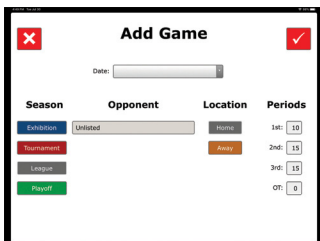

12. Tap the Home  button.

13. Tap Games.

14. Tap the Add  button to enter a game.

15. Select an opponent or Leave as "Unlisted" to be prompted to enter an opponent.

16. Repeat until season is complete (or do this prior to each game).

You're done the setup.

The SportScience App synchronizes with the server on the "Home" and "Games" screens assuming you have an internet connection.
